

Implementation of population polls in Belarus in 2025

TOR

SCOPE OF WORK:

Organization and implementation of four waves of surveying Belarusians to evaluate their perception of economic situation in Belarus in dynamics.

The contractor has to organize the waves on quarterly basis according to calendar plan which will be provided by BEROc to the contractor.

Questionnaire has to be agreed with BEROc before each wave of the research. It is expected that the duration of the project will be up to 4 weeks in each wave after approval of questionnaire.

BEROC will be full owner of all of the results of the survey.

PREFERRED RESEARCH METHODOLOGY:

- Survey method: online-survey via opt-in online panel
- Sample size: at least 900 respondents in each of 4 waves

RESULTS FORMAT:

Datasets with gathered data in spss-compatible format (.sav)
